American environmentalism: philosophy, history, and public ...

The first one looks at the philosophical foundations of environmentalism, from its beginnings in the conception of rights, neoclassical economics, and environmental ethics. Martinez then continues to sketch an overview of specifically American environmentalism, from its roots in Lockean traditions to its full expression in Thoreau, Audubon, and Muir.

american environmentalism philosophy history and public policy Despite the diversity of the environmental movement, four pillars provided a unifying theme to the broad goals of political ecology: protection of the environment, grassroots democracy, social justice, and nonviolence. However, for a small number of environmental groups and individual activists who engaged in ecoterrorism, violence was viewed as a justified response to what they considered
