Technology Manual Manufacturing  
Low technology is simple technology,  
opposed to high technology. They often  
refer to a traditional or non-mechanical  
kind, such as crafts and tools that pre-date  
the Industrial Revolution. Low technology

# Access Free Low Technology Manual

Manufacturing can simply be practiced or fabricated with a minimum of capital investment by an individual or small group of individuals. Also, the knowledge of the practice can be completely comprehended by a single individual, free from increasing specialization and compartmentalization. In some definition,
