The projector lamp, a spotlight that could be dimmed, was invented in 1914; after 1919 colored "gels," or gelatine, were placed over the lights. By 1922 stage lighting had become a scientific study. After World War I the United States became a leader in the field of scene design with the work of such men as Robert Edmond Jones Jones, Robert Edmond,

scene design and stage lighting: The Renaissance to the Seventeenth Century. Enter your search terms: The renaissance of scene design began in Italy. Sebastiano Serlio , in his Architettura, Book II (1545), interpreted what he thought were classic ideas on perspective and the periaktoi and published the first designs on the definitive types of sets to be used—for tragedy, palaces; for comedy, street scenes; for satyr plays, the countryside.
