on the vast possibilities that digital technologies present for us, with an emphasis on solving the existential challenge of cybersecurity. An important focus of the book is centered on doing business

part has its own flavor and personality, reflective of its goals and purpose. Part 1 is a bit more futuristic, Part 2 a bit more experiential, and Part 3 a bit more practical. How we work together, learn from

you should be knowledgeable,  
diligent, and action-

sincerest hope that this  
book provides answers,  
ideas, and inspiration. If we  
fail on the cybersecurity
